

Sindhu a win away from assuring India a medal

Rio de Janeiro, Aug 17

Shuttler PV Sindhu raised hopes of breaking India's long-awaited medal quest in the Rio Olympics by storming into the semifinals of the women's singles event with a stunning straight games win over London Games silver medalist Wang Yihan of China.

The two-time World Championship bronze medalist Sindhu, who came into the match with a 2-4 head-to-head record, dished out a compact game to outmanoeuvre the more experienced Wang 22-20 21-19 in a gruelling battle lasting 54 minutes.

The 21-year-old Indian now stood just a win away from assuring India an elusive medal at the Rio Olympics. With the memorable win, Sindhu became the second Indian player to reach an Olympic semifinal after Saina Nehwal achieved the feat four years ago.

Sindhu's win has overshadowed the fresh saga surrounding India's floundering campaign at the Rio Games on day 11 after World Anti-Doping Agency lodged an appeal with the Court of Arbitration for Sports against the clean hit given to wrestler Narsingh Yadav by NADA in the dope scandal back home.

Enduring a disastrous campaign thus far, the medal-less Indian contingent has been pinning its hopes mainly on Sindhu, besides its wrestlers, to end the drought before the disheartening development. Eleven days of action have failed to bring India, that won a

record six medals in London four years ago, a single podium finish and there's growing desperation to end this poor run. India's campaign now has been reduced to three disciplines - track and field, badminton and wrestling - after the flop show put up by the contingent in other sports.

It's woes continued on day 11 on Wednesday when Hardeep Singh lost 1-2 in his opening encounter against Turkey's Ildem Cenk in the Greco-Roman 98kg category.

India's all hopes now rests on Sindhu who will face the winners of the last quarterfinal between Japan's Akane Yamaguchi and Nozomi Okuhara on August 18 for a place in the gold medal encounter. The lanky shuttler from Hyderabad is the only medal contenders left in the badminton competition after the shock elimination of last Games bronze medalist and former world no 1 Saina Nehwal two days ago.

And adding to the miserable run was the news that some of its contingent members were served only "peanuts" at a dinner party held by the ministry of youth affairs and sports on I-Day, after having skipped dinner at the Games Village. PTI

Monsanto's climate unit to build farm-sensor network

New York, Aug 17: Climate Corp, the technology unit of seed giant Monsanto, plans to create what it says will be the first network of in-field sensors to relay data on crop conditions back to farmers.

Climate Corp also said it will allow third parties to build upon and provide additional layers of data for its Climate FieldView software platform, which offers crop information to farmers.

Its first partner in developing the platform is Veris Technologies, Climate Corp said on Wednesday. The San Francisco-based Monsanto subsidiary is one of

the biggest players in an emerging industry known as precision agriculture, which aims to harness weather and crop data along with cloud computing to offer improved yield. Bloomberg
