UFlex Triumphs at IFCA Star Awards 2024

Conferred 10 Awards for Innovation and Excellence in Packaging

Noida, NCR, December 30, 2024: UFlex Limited, India's largest multinational flexible packaging and solutions company, has been conferred with an impressive ten awards at the IFCA Star Awards 2024, the highest among all entrants. This remarkable achievement highlights UFlex's continuous commitment to innovation, sustainability, and excellence in the packaging industry. UFlex's diverse portfolio was recognized across multiple businesses, with the printing cylinders business winning four awards. Additionally, the packaging films, holography, and chemicals businesses each won two awards—a testimony to the company's focus on innovation across the spectrum of the packaging industry.

The IFCA Star Awards, organized by the Indian Flexible Packaging and Folding Carton Manufacturers Association (IFCA), celebrate excellence in packaging design, functionality, graphics, eco-friendly solutions, new materials, and technological concepts. These awards recognize and promote innovation and creativity within the industry, encouraging advancement and development in packaging solutions.

UFlex's outstanding performance at the 2024 awards include:

1. 2K reverse chemistry solvent-free medium performance polyurethane adhesive (Flexbon R110A/Flexbon R110C)
2. "F-ULP" transparent high barrier BOPET film for flexible packaging applications for see-through food products
3. Crocodile skin patterns on artificial leather (PU/PVC) through laser-embossed cylinders

4. Intricate vines and floral design on artificial leather through laser-embossed cylinders
5. Tangled threads design on artificial leather through laser-embossed cylinders
6. Grid weave pattern on artificial leather through laser-embossed cylinders
7. HRI sequins films for premium textile applications
8. Flexgreen Sheetfed “Bio” series for offset application (with >45% BRC)
9. Thinner environment-friendly stamping foil innovation for cold and hot application
10. “F-UHB-M” metallic polyester ultra-high barrier film for aluminum foil replacement

Mr. Anantshree Chaturvedi, Vice Chairman and CEO, Flex Films International, expressed his delight at the company's remarkable performance. He said, *“We are honored to be felicitated with 10 awards at the IFCA Star Awards 2024, a recognition that underscores our dedication to excellence. This milestone is a testament to our teams’ hard work and relentless focus on innovation and sustainability, and our ability to consistently develop exceptional solutions for our customers across industries.”*

This recognition at the IFCA Star Awards further strengthens UFlex’s position as a leader in the flexible packaging industry, particularly in areas of technological advancements and sustainable packaging solutions. The company continues to invest in advanced innovations that support its vision of transforming packaging through creativity, efficiency, and sustainability.

About UFlex Limited:

UFlex is India's largest multinational flexible packaging and solutions company. Since its inception in 1985, UFlex has grown from strength to strength and has built a strong presence across all verticals of the packaging value chain - packaging films, chemicals, aseptic liquid packaging, flexible packaging, holography, engineering, and printing cylinders.

With a 10,000+ strong multicultural workforce across global regions that works toward developing innovative, value-added, and sustainable packaging solutions, the company has earned an irreproachable reputation for defining the contours of the 'Packaging Industry' in India and overseas. It provides end-to-end solutions to numerous Fortune 500 clients across various sectors such as FMCG, consumer product goods, pharmaceuticals, building materials, automobiles, and more, in more than 150 countries.

Headquartered in Noida, the National Capital Region, India, UFlex enjoys a global reach with advanced manufacturing facilities in India, UAE, Mexico, Egypt, USA, Poland, CIS country, Nigeria, and Hungary.

A winner of various marquee global awards for product excellence, innovation, and sustainability, UFlex is the first company in the world to earn recognition at the Davos Recycle Forum in 1995 for conceptualizing the recycling of mixed plastic waste. For more details, please visit: www.uflexltd.com
